 Payable by Cash, Cheque, or Credit Card (through website registration)

Charter Vessel Registration includes: Opening reception tickets, closing awards banquet, and tournament registration package for Captain and First Mate.

By entering into the Canada International Tuna Cup Challenge, each vessel must comply with the rules and regulations attached and must:

- Provide lunches, water and drinks for your team of anglers;
- Carry adequate liability insurance;
- Provide Certificates of Insurance (from each charter boat) naming the Canada International Tuna Cup Challenge as an Additional Insured. This will ensure extending coverage if both the tournament and boat/charter are named in the unlikely and unfortunate event of a lawsuit. The Certificates are very easy to obtain, and you just need to contact your broker with this request.
- All other rules and regulations as outlined in the tournament information package

Registration Deadline – September 12th, 2018
